English

Stellar title! I really enjoyed playing this and it was well worth buying. There is definitely things to improve upon, but I really think with time and love this game will be something great!. This game sold me in the trailer. Not too many games earn their place in my library from a good trailer but--- This game is just so well designed. I can't wait to see where this title goes when it's complete!. i waited days for this release and when i got it, i loved it. amazing game 11/10. Played during the alpha, game has only gotten better, Great for multiplayer and looks sexy.
